

Franchise Opportunities

Who We Are

A trusted name from coast to coast

Lormit®, originally Lormit Process Services and now operating as Lormit Legal Support Solutions, was founded in 1979 by Timothy Haworth.

While Lormit® began as a single office in Edmonton, we have since grown to be a nation-wide network with franchised branches throughout Canada. Lormit® services most metropolitan areas and a multitude of smaller local markets from British Columbia to Newfoundland and Labrador.

Our network specializes in providing legal support solutions to law firms, government agencies, financial institutions, insurance companies, corporations, and individuals. The majority of our business comes from process serving, however, we do offer a variety of services, including (but not limited to): remote signings, court filings, occupancy checks, and private investigation.

Having been in operation for over forty years, Lormit® has become a fixture in the Canadian legal support service industry. Lormit® has seen steady growth since the beginning - even during economic downturns - as the demand for this type of convenient, no hassle, professional service has grown.

Why Lormit®?

Enjoy the flexibility of being your own boss, with ongoing support from our Head Office

At Lormit®, we take pride in the fact that all of our franchisees are independent Owners and Operators of their specific Lormit® branch(es). When we award a franchise, it is because we strongly believe in the potential of the franchisee to grow their business and thrive in this industry.

A background in the Legal field is not necessary to succeed as a Lormit® franchisee. All you need are strong leadership skills, a dedication to learn, and a commitment to growing your business. Our team at Head Office will provide you with training and ongoing support, which includes an online operating system, centralized accounting, and marketing support. By joining our network, you will be granted name recognition, access to our extensive client base, and a semi exclusive operating territory.

With no franchise purchasing fees and the ability to start your business from home, opening a Lormit® franchise is a simple process that provides great return on investment **while creating equity.**

Qualifications

No legal experience necessary

Lormit® prides itself on its network of franchisees. Many who join us have never worked in the legal industry before, and come from a variety of different backgrounds.

Becoming a Lormit® franchisee only requires two things. A basic understanding and command of the written and spoken English language and some experience using digital technologies, like computers and smartphones.

A successful Lormit® franchisee will be detail-oriented, self-motivated, and ambitious. All of the technical details required to succeed will be provided during training and help from our Head Office is always just an email or phone call away.

Cost

No upfront franchising fees

Lormit® does not charge any upfront franchising fees, which means opening a new branch is an affordable endeavor.

The only office-related requirements are a computer with word processing capabilities, a printer with copying capabilities, and a designated phone line.

Completing legal support services will require you to travel to various locations (subject to the geographic boundaries of your territory) and use our app, meaning you will need access to both a vehicle and data-capable smartphone.

Get Started With Lormit®

To begin your journey as a Lormit® franchisee, please fill out the [short application](#) in the Franchising section of our website. A Lormit® representative will contact you shortly after reviewing your application.
